Leadership Opportunities

Would you like to be more involved in the Chapter? Would you like to broaden your network of contacts within the industry? Are you looking for a leadership position to add to your resume?

Why not consider joining the NJ Chapter's leadership team? There are leadership positions available for motivated individuals; we will find a way to best utilize your special interests or talents; maybe you want to help recruit new members or participate in college job fairs to introduce students to opportunities in the insurance industry, or help with social media outreach, or aspire to become an officer in the organization. You may think that volunteering for a leadership position will take a lot of your time, but the reality is that you can dedicate as much time as you are able.

If you would like to learn more about the opportunities available, please contact chapter President, Rich Morales [via email](#).
